SOLID STATE LIGHTING **LED**
State-of-the-art LED solutions for outdoor lighting

DEVINE LIGHTING

SOLID STATE LIGHTING LED

As part of our commitment to provide innovative lighting solutions, Hubbell Industrial, Hubbell Outdoor and Devine Lighting have added solid state lighting as part of our offering.

Award winning, eco-friendly and highly efficient, these outdoor LED luminaires were created for use in a variety of lighting applications, including: area warning lights, flood, step, landscape and wall/surface lighting.

TWIN - AWDP3120

SINGLE - AWSP3120

RETRO-FIT - AWRETRO120

AREA WARNING LIGHT

AW LED is the most universal, compact and efficient obstruction light in the world. ETL certified to the FAA requirements.

AWSP3120/AWDP3120/AWRETRO120

Hubbell Industrial

6.5 watt | 120 VAC

Uses 95% less energy than incandescent, weather/corrosion resistant. Both units supplied with 3/4" mount adapter. Resistant to shock and vibration. IP66/NEMA 4X certified.

FLOOD

Versatile accent lighting for signs, façade, small flagpoles, trees and foliage.

Laramie LFS Series Hubbell Outdoor LED Flood

6 or 12 watt | 120 volt

Narrow Spot, Medium Spot and Medium Flood beam spreads

Finishes: Bronze, Black, Gray, White and Platinum
Heavy duty cast aluminum construction.

Color temperature: 5000K

QL10WLED Hubbell Outdoor Flood

10 watt | 120-277 volt

Medium Flood beam

Finish: Gray

Uses the popular QL Quartzlizer® flood housing.

Color temperature: 3500K

STEP LIGHTING

Safety lighting for steps, walkways, corridors and other pedestrian paths.

LMS100-5L Devine Steplight

5 watt | 120 volt

Glass face for walkway or accent application

Finishes: Bronze, Black, White and Platinum

Rugged Devine design with stainless steel vandal resistant hardware. Concrete pour or drywall installation designs.

Color temperature: 6350K

LMS400-5L Devine Steplight

5 watt | 120 volt

Full cutoff optical design

Finishes: Bronze, Black, White and Platinum

Seven inch round shape with architectural appearance.

Rugged Devine design with stainless steel vandal resistant hardware. Concrete pour or drywall installation designs.

Color temperature: 6350K

LANDSCAPE/PATHLIGHTS

Bullet accent floods accents trees, water features, signs or facades.
Rugged full cutoff bollard provides safety lighting to walkways, paths or entry areas.

309-10LEDML Hubbell Outdoor Bullet Landscape Flood

10 watt 120-277 volt

Medium Flood Beam

Finish: Dark Bronze

Universal aiming in wet locations.

A great retrofit for 308/309 bullets using PAR incandescent.

Color temperature: 3500K

CPB131-12L Devine Bollard

12 watt 120 volt

Full Cutoff, SkyView™ compliant optics

Finishes: Bronze, Black, White, Platinum
